Beyond the Frame

CONTEMPORARY CUBAN ART

Beyond the Frame presents fresh and diverse work by 29 of Cuba's leading artists, never before seen in Britain.

From the political to the poetic, the visionary to the everyday, the show embraces the vitality of the island's contemporary art scene, together with original works by other internationally acclaimed artists plus artworks by two of the Miami Five.

It includes painting, drawing, mixed media, prints and photographic work, all available for sale.

A programme of special events plus talks by visiting Cuban artists, Choco, Lesbia Vent Dumois and Gustavo Díaz Sosa, will accompany the exhibition.
